Letter of Acknowledgement!

We hereby acknowledge your time and effort.
Thank you to all of you so much for participating in the Health & Wellness Day,

We are thank you and your team, for your generous time in volunteering to service the community.

We are honored to be acquainted with your organization.

With the generous support from people like you, we will be able to help many of these families and individuals who have come from the congregation as well as the broader community.

They have left the Health Day totally satisfied, and we recognized that there is a great need in our Community for events like these.

We salute you and for all the talks your lady has done, it was totally motivational and very inspiring.

We all know now how much we have to take care of ourselves.

Thank you again, and we look forward to your continued support in the near future.

God Bless
